

# PRODUCT RANGE ENCLOSED TRAILERS

CBO Enclosed trailers have been engineered for durability, reliability and performance in even the harshest of environments.

RDS8X5-EVT-12U-GER6

RDS8X5-EVT-24U-GER6

RDS10X6-ETM-48U-WB13.6

RDS14X5-ETH-72U-WB23.2

CBO's range of enclosed trailers are designed to provide a safe and secure environment for sensitive communications equipment. Each solution features standard rack mount infrastructure in varying sizes, on-board generators, spare equipment storage and various elevation options. All of the solutions are designed to be fully locked and secure for remote autonomous operations. The CBO enclosed trailers have proven to be a valuable asset for emergency services, public safety and natural resource applications.

## Trailers Range

Description	Power	RU Space	Model Number
